PROJECTS

STICA LMS - [Live URL](#)

An online library management system for STI College Alabang.

- Developed the entire system including the admin panel ([admin.sticalms.com](#)).
- Created UI mockup using Figma.

Paymongo.js - [Live URL](#)

A lightweight, fully-featured, modular, typescript-compatible javascript library for [PayMongo](#).

- Integrated built-in types from input to response for rich TypeScript support.
- Used it with one of my projects (GroundWork PH).

GroundWork PH - [Live URL](#)

An online B2B platform designed to create and gather networks for business establishments in the Philippines!

- Created UI mockup using Figma.
- Developed 50% of the entire system.
- Implemented realtime messages and payment flow which uses Paymongo.js.
